

2019 IMPACT REPORT

OUR MISSION

ChIPs Network, Inc. is a 501(c)(3) nonprofit organization that advances and connects women in technology, law and policy. ChIPs seeks to accelerate innovation in these areas by increasing diversity of thought, participation and engagement.

OUR HISTORY

Founded in 2005 by seven women chiefs of intellectual property (“ChIPs”) in Silicon Valley, ChIPs has over 3,300 members and sixteen chapters in the United States and abroad. Today our community of ChIPsters is much broader than the IP specialists who formed it. Our members come from the private sector as well as all branches of the government and are engaged at the heart of current events — as active participants in the lawmaking, policymaking, judicial, advocacy and innovation processes.

OUR PROGRAMS

ChIPs serves our community through programming, events and initiatives that include:

- Regional Chapters
- Global Summit for Women in Tech, Law and Policy
- Next Gen Summit and Mock Program
- European Summit
- Diversity Blueprint & Honor Roll
- Rachel Krevans Scholarship
